Sandbox Volleyball Club

Summer 2024 4v4 Leagues Rules

Hand-Setting Over Net: Will follow AVP rules (intentional set-overs must be square to shoulders/hips).

Tippling: Any attack-hit using open-handed finger action or using fingertips is **Illegal**. "Poking" the ball using knuckles is legal, as is contact with the backside of the fingers.

Lift / Catch: The ball is caught and/or thrown and/or does not rebound from the contact.

Double Contact: A player hits the ball twice in succession or the ball hits various parts of his/her body in succession. **Exception:** contacts occur during one action during blocking or first team contact.

Simultaneous and Consecutive Contacts

During any first team contact, the ball may touch various parts of a player's body simultaneously or consecutively, provided that the contacts take place during a single attempt to play the ball.

Serving, Positional Faults and Back Row Attacks

Unlimited substitutions are allowed as long as one player does not occupy more than one position in the service order during a single set and there is no delay of game.

There are no set positions on the court for any player, which means all players may attack the ball. Serving order must remain the same during the set but players may be substituted at any time.

Blocking is the action of players intercepting the ball coming from the opponent where any part of the blocker's body is higher than the top of the net at the time of contact, regardless the height of the ball contact. In blocking, a player may touch the ball beyond the net, provided that he/she does not interfere with the opponent's play before or during the attack hit. A block is **NOT** a team contact.

Blocking the ball beyond the net above the opponent's area is permitted, provided:

- a. The block occurs after the opponents have hit the ball such that it would, in the referee's judgment, clearly cross the net if not touched by the blocker, and no member of the attacking team is in a position to make a play on the ball.
- b. The ball is falling near the net, and no member of the attacking team could, in the referee's judgment, make a play on the ball.

Net Fault: Contact with the net by a player between the antennae, **during the action of playing the ball while the ball is in play only.**

Penetration under the net into the opponent's space is allowed provided it does not interfere with the opponent's play or create a safety hazard.

No Pursuit Rule: The ball that has crossed the net plane to the opponent's free zone over or outside the antennae, may NOT be played back.

Sportsmanship: Participants must behave respectfully in the spirit of fair play, not only toward the referee(s), but also toward opponents, teammates, and spectators. During the match, the referee's decisions are final, though the team captain may request an explanation.

Misconduct. Any misconduct will not be tolerated, and person(s) responsible will be penalized at the discretion of the 1st referee. **Sanction Escalation:** 1. **Verbal Warning** 2. **Yellow Card** - Formal warning and point/serve awarded to opponent. 3. **Red Card** – Point/serve awarded to opponent and offender disqualified from match.

Both players and spectators may be sanctioned.
